Michael: Please accept my most sincere apology -- I'm horrified that it's taken me so long to get back to you -- as we came out of the Louisville event, the entire month of Feb was consumed with oddly-timed family drama on both sides of my family, and I've been playing catchup ever since!

Major General Boles was the undisputed 'hero' of the entire program. His presentations were incredibly well received and his tone and message resonated perfectly with our audience. He is absolutely a gem and incredible to work with. He spent time connecting personally with our Board and members, attending a cocktail reception the evening prior to his presentation. In fact - he had a fun coincidental 'small world' experience whereby he actually met / worked briefly with our EVP Bob Dolibois' father at one point in his military career!

I truly don't have enough wonderful words to say about Vinny -- ANY organization would be awed and humbled and inspired by him, particularly business owners struggling with the leadership question!

I can't thank you enough for the wonderful follow-through and partnership of the WSB team. I never have any worries when working with you guys!

Cheers, and HAPPY CHERRY BLOSSOMS to you!

Best, Kellee.
